Silver River - Our Quarry Stone

WE DESIGN AND
ADD VALUE TO YOUR SPACES

Oluşumu milyonlarca yıl süren eşsiz sanat eseri olma özelliği taşıyan mermer, asırlardan beri insanoğlu tarafından zarafeti, güzelliği ve dayanıklılığı nedeniyle vazgeçilmez yapı malzemesi olarak kullanılmasının yanında zenginliği ve refahın da simgesi olmuştur.

Biz doğanın bize vermiş olduğu eşsiz eserler olan mermeri siz nihai kullanıcılar için doğadan getirip işliyor, tasarlıyor ve mekanlarınıza değer katıyoruz.

Kendimize ait olan mermer sahalarından çıkarmış olduğumuz mermeri yarı işlenmiş ve işlenmiş mamul olarak ihrac etmenin dışında yurt içi ve yurt dışından yarı mamul olarak almış olduğumuz mermeri teknolojik açıdan son sistem makinelerde en iyi malzemelerle işliyor ve projelerinize sunuyoruz.

2001 yılından bugüne kadar proje ve uygulama alanında sahip olduğumuz deneyimlerimizi mermer sektöründe kullanıyor olmanın yanında, projelerinizde çözüm ortağınız oluyoruz. Sizinle birlikte tasarıyor, sektörü ve yeni çıkan taşları sürekli takip ediyor, eşsiz limitli taşları bulup ve siz değerli müşterilerimizin beğenisine sunuyoruz.

Birçok alanda profesyonel ilişkiler kurduğumuz çözüm ortaklarımız, deneyimli tasarımcı ekibimiz ve montaj ekiplerimiz ile birlikte, üretimden montaja kadar olan bütün prosesleri yerine getiriyoruz. Üç boyutlu (3D) duvar kaplamaları, mermer hibrit mobilyalar, soyut heykeller, waterjet uygulamaları sunuyor, ayrıca kişiye özel ürünler de tasarlıyor ve üretiyoruz. Doğal taş ile estetik mekan ve objeler yaratmak bizim işimiz.

Misyon: Doğanın güzelliğinden aldığımız ilhamımızı sanatımıza yansıtıyor, bilim ve teknolojinin geniş imkânları ile mekânlara uyarlıyoruz. Müşterilerimizin yaşadıkları tüm alanları en geniş renk ve doku seçenekleri ile süslemek ise bizim ana prensibimizdir. Hedeflerimizden bir diğeri ise, başta insan kaynakları olmak üzere tüm kaynakları en verimli şekilde kullanarak; müşterilerimiz, çalışanlarımız ve paydaşlarımızın en üst düzeyde memnuniyetini sağlamaktır.

Vizyon: Uluslararası düzeyde; özgün, stil yaratan, standartları her daim yükselten ve tüm yaşam biçimleri için dünyanın en seçkin ürünlerinin tedarikçi olmak bizim en büyük amacımızdır. İtici gücümüz ise, dünya standartlarında "örnek bir marka" olma hayalini bizlerle paylaşan araştırmacı, tutkulu ve profesyonel çalışanlarımız ve çözüm ortaklarımızdır.

Besides being the symbol of wealth and prosperity, marble, a unique work of art the formation of which took millions of years, has been used by human beings for centuries as an indispensable building material due to its elegance, beauty, and durability.

We bring marble, which is the unique artifacts that nature has given us, from nature for you, the end-users, and we process and design them and add value to your spaces.

In addition to exporting the marble that we have extracted from our own marble fields as semi-processed and processed products, we process the marble that we have received as semi-finished products from domestic and foreign markets using the best materials in state of the art technology machines and offer them to your projects.

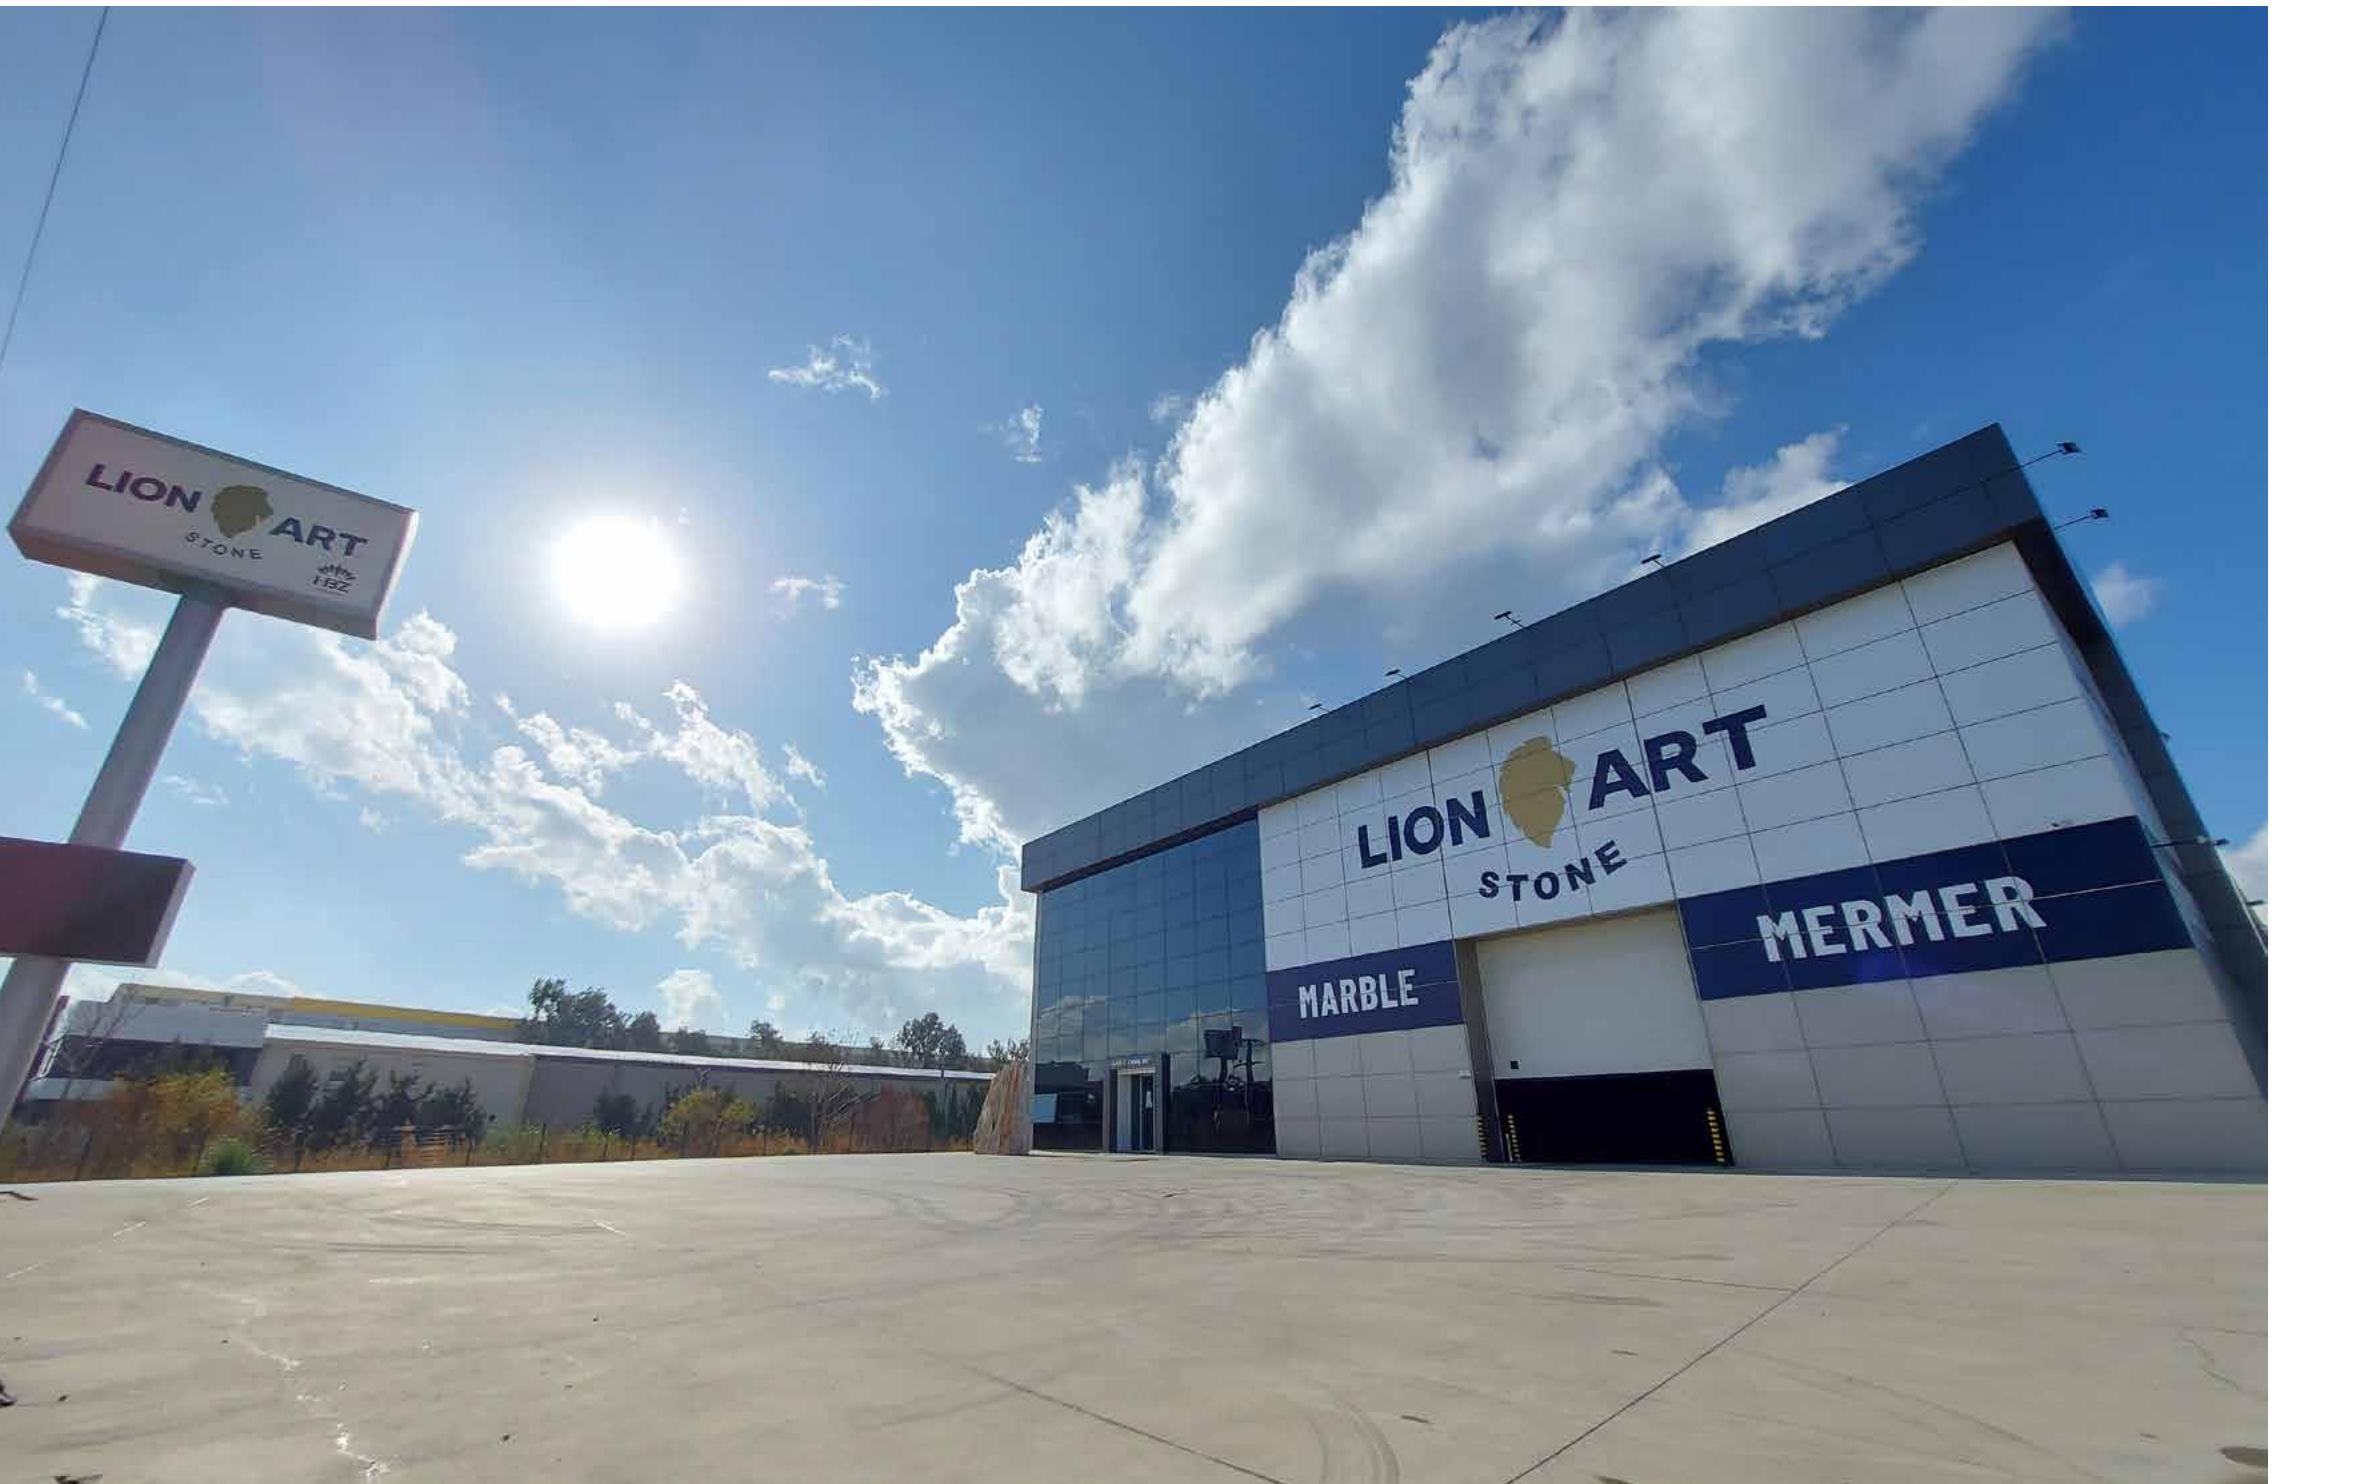

In addition to using our experience that we have gained since 2001 in the field of projects and applications in the marble sector, we become your solution partner in your projects. We design together with you, constantly follow the sector and new stones, find unique limited stones, and offer them to the appreciation of our valued customers.

Together with our solution partners, experienced design team, and assembly teams, with whom we have established professional relationships in many fields, we perform all the processes from production to assembly. We offer three-dimensional (3D) wall coverings, marble hybrid furniture, abstract sculptures, waterjet applications, and also design and manufacture tailor-made products. It is our job to create aesthetic spaces and objects with natural stone.

Mission: We reflect our inspiration taken from the beauty of nature to our art and adapt it to spaces with the wide opportunities provided by science and technology. It is our main principle to decorate all areas where our customers live with the widest range of color and texture options. One of our goals is to ensure the highest level of satisfaction of our customers, employees, and stakeholders by using all our resources, especially human resources, in the most efficient way.

Vision: It is our greatest objective to be a supplier, which is original and style-creating, raising always standards, of the world's most exclusive products for all lifestyles at the international level. Our driving force is our investigative, passionate, and professional employees and solution partners who share with us the dream of becoming a world-class "model brand".
